

FOR IMMEDIATE RELEASE

Optical Telecom partners with TPI to install Public Safety DAS at Dallas Cowboys World Headquarters and Practice Facility

ADDISON, Texas—April 24, 2016—Optical Telecom, a provider of Distributed Antenna System (DAS) installation, consulting and services, is partnering with TPI (Telecommunication Properties Inc.), to install a CommScope Public Safety DAS at the new world headquarters and practice facility of the Dallas Cowboys in Frisco, Texas.

The complex is scheduled to open in the summer of 2016. The newly constructed facility will serve as the headquarters for the Dallas Cowboys as well as a 12,000 seat indoor stadium that will also be used by the Frisco Independent School District, and an Omni Hotel.

About Optical Telecom

Optical Telecom has been an industry leader in Distributed Antenna Systems (DAS) since 2001. The company offers site surveys, design, installation, testing, maintenance, project management and turn-key DAS services for DAS projects across the United States. Optical Telecom has one of the best, if not the best, portfolios of premier DAS projects since Distributed Antenna Systems became a major force in improving wireless voice and data communications.
